

CREDIT REPAIR

You are invited to the most effective credit repair program available. We combine exceptional personal service with a total mastery of the laws that govern the credit bureaus, creditors, and collectors. Our approach is designed to clean up your credit and improve your credit scores, quickly, legally, and ethically.

We use our "FUSION-PRO" Process® to clean your credit by auditing the credit bureaus and creditors. This process ensures that we attain the best results in helping you improve your credit. With ten years experience, we guarantee results.

Our Strategy

After you enroll in our program, we demand that the credit bureaus and creditors verify that all reporting items are accurate. You will receive updates every thirty to forty five days. Just send us the updates, and we will do the rest.

Bad Credit VS Clean Credit

Bad credit can be very costly. You may not realize it but, every 1% point on a thirty year mortgage is equivalent to 25% of the amount financed: \$100,000.00 loan @ 7% will cost you \$25,000.00 more over thirty years than \$100,000.00 @ 6%. It cost far more to do nothing about your credit problems than it does to optimize it.

The Best Value!

We offer the best cost structure in the credit repair business. We do everything you need for a single low monthly fee. You never have to worry about confusing options or costly upgrades.

The Cost

We offer the best cost structure in the business. There is a one-time setup fee of \$99. Your monthly billing will begin 30 days later. And your low monthly fee of \$50 covers everything! You don't have to think about expensive upgrades or confusing program options.

I look forward to earning your future business!!!
